ROBOSUB UPDATE, 2024

RoboSub Ready!

The past week of RoboSub 2024 has been a blast! The team was able to meet the other amazing students attending the competition from around the world, all between 10+ hrs a day of pool time and last minute improvements to our torpedoes and claw.

Thanks to everyone's work, we've made the finals! We invite you to join us [live tomorrow](#) at approximately 3pm MST to see our finals run. :)

ARVP at RoboSub 2024!

As always, our supporters help us continue to grow and succeed as an expanding project team. Thank you for all that you've provided!
