SEPTEMBER, 2024

A New Year!

ARVP is starting the new school year strong! We got over 130 sign-ups this month, and all our new members have been busy working on getting onboarded to the team and learning all about what we do. We've had weekly work sessions with all our members and are continuing the design and development of our new robot. As part of our initiative to get more members, we were present at the University Fall Clubs Fair and the Engineering Carnival. We also hosted our AGM, which went swimmingly and hosted a BBQ to celebrate the start of the new year at Emily Murphy Park.

Our Annual General Meeting took place yesterday evening, and 90+ students came to learn more about us! We also had a special dance lesson from one of our project leads, which you can see on the last slide.

Thank you to everyone who showed up and helped out!
