## Aiming for Halfway!

Once again thank you to our incredible alumni! Your donations are pushing us towards our next generation AUV. :)

We only have 2 weeks left in our fundraiser! If you'd like to donate, click on the image above or [donate here](#). Alternatively, you can e-transfer to [contact@arvp.org](mailto:contact@arvp.org) and it will deposit to our club's account automatically.

This week we held a demonstration for the Lacombe High School Robotics Team. We've been partnering with Lacombe for the last 3 years, and it was great seeing them again! Students were shown how Arctos functions and taken through a demonstration. These outreach events, like those with APEGA and the UofA, are becoming a more focal tenant of our operations, so make sure to stay tuned on our [Instagram](#) and [LinkedIn](#)!

ACCOMPLISHED TASKS ✓

MEMBER QUOTE 😎

✓ High School Demo!

*"If the robot doesn't move, we can push it, right?"*

✓ Improved Kill Switch!

• *Cole Dewis (Software Member)*

✓ RoboSub 2024 Obstacles Built!

## Lacombe High School Visit!

Thanks again Lacombe for joining us for a little demo. Check out our time with them!

Yesterday Lacombe High School robotics club came back for another visit! We're thankful for their engagement with our members and hope that they were able to understand the complexities of our project and gain more interest in robotics!
